

Melinda Dowd

Melinda came to prominence on the Adelaide music scene when she won the SCALA FOOM Competition in 2001 for her emotive love ballad 'In My Dreams'. She has since then released in 2006 her debut EP 'For Your Life', an offering of soft pop/rock and love ballads.

Melinda is a singer songwriter who derives her inspirations from her passionate love affair with jazz music and contemporary artists. These include Miles Davis, Bill Evans, McCoy Tyner and female artists such as Diana Krall, Tori Amos, Natalie Merchant to name a few.

Her main motivating forces to write are her experiences of love and life and the passionate expression these bring to her music. She is currently furthering her studies in jazz and piano.

Melinda continues to write songs that inspire and move the soul. She is working towards recording a full length CD of her original material.
